

Sustainability 101: Introduction to Sustainability Concepts

Program Contents

GEF Institute and NOCTI have partnered to offer a Sustainability 101 Certification Program which includes:

- A pre-test
- A post-test
- Access to a 15-hour self-paced course

Certification Benefits

The Sustainability 101 Certification will give students an extra edge in both the job market and higher education. The course is designed to arm students with a strong foundational knowledge of sustainability and achieve a balance among environmental, social, and economic systems.

Cost:
\$75.00 per student

Bonus!

Individuals completing the course will be eligible to receive 1 undergraduate credit through Adams State College. Check out registration details here: gef.adams.edu
