The second installment of the CTE Administrative Leadership Series continues to build on the knowledge and skills learned in the early months of serving in a new CTE administrative position. The book expands on the foundational knowledge provided in the first book, *CTE Administrative Leadership: 10 Things to Know in Your First Year*, and focuses on the implementation phase of the CTE administrator’s vision for their programs and school.

This is a valuable resource for CTE administrators at all levels of experience and includes topics and case studies that highlight lessons learned and best practices from administrators across the nation. These practical examples are provided to help you develop a vision for your school’s long-term success!

**Topics Include:**

- Planning for Change
- Big Picture Basics
- Program Delivery Options
- Quality Programming Components
- Special Needs Integration
- Integration of Academic and CTE Concepts
- Evaluating Instructional Performance
- Student Certification
- Data Collection and Reporting
- Building a Budget
